### Dear Prospect,

Join us for this unique 32-hour **Level I "Full Certification" Thermography Course**. The **first 16 hours are done on-line** in the comfort of your home or office. The **balance of the course is done in two days of in-class training** where we discuss infrared theory, heat transfer concepts and learn the correct operation of your thermal imaging equipment. You will learn how to take quality thermal images that are clear, concise and easy to interpret. We will also discuss tested ideas in setting up a successful thermal program within your facility or at your customers' locations. The instructor is a Level III Thermographer and provides students with broad field knowledge allowing the learning experience to be interesting, fun, and resourceful. There are loads of hands on activities and real-life examples will be discussed. The regular published price of the class is \$1,800.00. Sign up by Sept 15 at \$1,495.00.

### [Register Now!](#)

Visit <https://www.pmcmn.com/> or call John @ (612) 554-2664. Payment is due prior to the start of class. We except all major credit cards and will accept a company PO or check. All moneys will be returned if the class is cancelled for any reason. 10% will be withheld if a student cancels within 10 days of the start of class.

**The course is open to everyone regardless of whether own a thermal imager or not. A thermal imager will be made available for those not owning one.**

Thermal regards,  
John W Pratten III  
ASNT Level III compliant Thermographer
